Description:

Located on the north side of West Baltimore Street is this two story, three bay brick house with a one bay frame extension. The brick walls are laid in common bond with brick jack arches above the windows. Windows have narrow frames which hold two over two pane sashes. The frame section is covered with plain lapped siding with a semi-hexagonal projecting window bay. The projecting bay windows have single pane sash. The main entrance is in the third bay from the west end of the house. There is a one bay hip roofed entrance porch supported by turned posts. This house appears to date from the mid 19th century.

In the 1877 Atlas map the owner is given as J. Garver.
